

Download Getling

The screenshot shows the Gatling website landing page. The header is dark blue with the Gatling logo on the left, which includes the text "Gatling" and a subtext "-> Now available in Java!". To the right of the logo are navigation links: "Why Gatling?", "Learn more", "Pricing", "Book a demo", and "Login". A prominent orange button labeled "Start Testing" is on the far right of the header.

The main content area has a dark blue background with a white grid pattern. On the left, the text "You are nearly set!" is displayed in large white font. Below this text is an orange button that says "Download didn't start? Click here". On the right side of the main area, there is a small white chat bubble icon with a blue speech bubble inside. A tooltip box is open next to it, containing the text "Hey there! Is there anything you need help with?" and a small "X" icon to close it.

At the bottom of the page, the text "Now what?" is centered in a white font. A thick black horizontal line runs across the bottom of the page.
